Emerging Arts Professionals/San Francisco Bay Area (EAP)

IMPROVEMENT OF THE ARTS INDUSTRY.
THROUGH EMPOWERMENT OF THE ARTS WORKER.

EAP is a network of Bay Area arts workers and emerging leaders who are driven to improve the arts sector together. By empowering the individual artists worker with personal and professional development, and through the research and development of new models of transaction and interaction in the field, our network works to shift the industry.

TIME COMMITMENT
September 2017 through June 2018
Approximately 10 hours/month
This Fellowship Program Seeks to Answer the Question: What’s Next? And Looks to the Future by Bringing Together Insightful and Energetic Leadership and Emerging Models in a Convergence of Participatory Practice and Action Learning.

The Fellowship is structured around three key goals for personal and Professional Development:

- **Knowing Yourself:** Personal Reflection and Development
- **Knowing the Field:** Exploring the Context of Our Work
- **Working Together:** Building Skills & Models for Collaboration and Leadership

The first few sessions focus on internal understanding of who you are, where you are, and what you need and have to offer. This reflection will be done with:

- A personal vision statement
- Network/asset mapping
- Peer coaching

We will then explore the terrain in which we work and develop strategies to successfully operate within the larger arts ecosystem in the Bay Area through sessions dedicated to our Affinity Areas:

- Creative City
- Cultural Equity
- Arts & Enterprise
- Regenerative Practices

Fellows will form Project Teams to get hands-on practice being collaborative leaders, build your skill around a program format, and receive mentorship from partners and EAP leadership. Projects include:

- Producing a conference
- Managing a re-granting program
- Producing community specific public programs
- Contributing to an industry public action

In the application you will note which project team interests you the most. Each project will be discussed in more detail before project teams are confirmed during the November session. We ask that you be prepared to commit 10 hours a month to participate in the program, this includes six hours for the monthly Fellowship meeting and four hours doing outside team meetings/work.

**Structure**

**Context of Our Work**

Exploring how arts workers advance the conversation on minority-majority state; with that dynamic in mind we’ll explore how arts leaders advance the conversation on cultural equity across the sector and beyond; how do we engage and relevant. The program aims to introduce an alternative model for professional development that balances traditional structure with increased creativity and experimentation. Over the course of nine months, the Fellowship is designed to enrich and expand the professional skill-sets of emerging and mid-level leaders working in the Bay Area's arts & culture field.

**Team Projects**

Project timelines will be partially determined by EAP’s annual programming calendar, the scope of your team’s involvement in the project is up to you, each project will have varying milestones across the nine months.

**Emergence:** our annual network convening that creates space for discussions and explorations into the most exciting, challenging, and urgent issues impacting the local arts and culture field.

**Ideal for Fellows interested in:**

- Planning conferences/convenings, Industry conversations, coming up with new models for conferences, larger budget projects, working with contractors. This project will peak between May–June 2018 in prep and in hosting the convening.

**Engagement:** public programs through partnerships that engage our network and the public and integrate the creative process back into industry learning and professional development.

**Ideal for Fellows interested in:**

- Developing collaborative public facing programs (workshops, roundtables, art actions, etc), establishing and stewarding partnerships with organizations/collectives that engage a diverse range of fields, identities, and experiences of art and culture in the Bay Area. Engagement programs will take place between January - February 2018 (proposal review and selection) and a bit again in May (project pilots at Emergence).

**Regenerative Practices:**

- How can we make arts administration more sustainable? What can we do as leaders of programs and organizations to encourage a healthier arts and culture ecosystem?

**Cultural Equity:**

- No single racial or ethnic group forms a majority of California’s population, making the state a minority-majority state; with that dynamic in mind we’ll explore how arts workers advance the conversation on cultural equity across the sector and beyond; how do we tackle institutional or systemic oppression or rethinking creative place keeping strategies?

**Study Areas**

**The Creative City:**

- We will explore the utopian idea of the creative city, where artists and arts organizations are viewed as critical components of a healthy ecosystem. We’ll ask what role the arts and culture sector can play in “civic creativity” or “cultural strategy” that creates “social wealth” and helps shape public sentiment, city planning, and policy.

**Arts & Enterprise:**

- We will explore the relationship between creative / cultural production and enterprise with an eye on traditional models being implemented in innovative ways and new social-impact business models that not only generate revenue but sustain projects and communities.
